

Dive into Education

with NOAA's National Marine Sanctuaries

A Workshop for Hawai'i Educators

'A'ole pau ka 'ike i ka hālau ho'okahi.

Not all knowledge is taught in one school. M.K. Puku'i

February 20-21, 2004

The Dive into Education marine science workshop will be held on O'ahu at the Bishop Museum and on Coconut Island. A limited number of scholarships that cover interisland airfare and transportation will be available in sponsorship with **Coastal Zone Management Hawai'i**, and **Outrigger Hotels and Resorts** is offering special discounted rates at OHANA Wāikiki Tower and OHANA Wāikiki Village.

The mission of the Dive into Education Workshop is to provide resources and training to Hawai'i educators to support marine science education. The workshop will be tailored for grades K-4, 5-8, and 9-12, and will include exciting sessions from fish bingo and beach monitoring to learning about the annual Sanctuary Ocean Count held in Hawai'i. A registration fee of \$25 covers the evening reception, transportation to Coconut Island from Windward Community College, lunch, drinks, and a tour of the Coconut Island facilities.

For more information: hawaiihumpbackwhale.noaa.gov or contact: Chris Brammer, 6700 Kalaniana'ole Hwy., Suite 104, Honolulu, HI 96825 Phone: 808.397.2651 Email: Christine.Brammer@noaa.gov

Participants will leave the workshop with exciting free activities and a better understanding of NOAA's National Marine Sanctuaries as well as a connection to the various opportunities that exist within the program.

Hands-on activities will be presented that are related to National Marine Sanctuaries, with special emphasis on Hawai'i's marine environment.

Registration Details

Educators who would like to attend the Dive into Education Marine Science Workshop are required to submit a complete application packet, which includes:

- 1) Send a check in the amount of \$25 payable to National Marine Sanctuary Foundation (NMSF) to the address listed below. The registration fee covers costs for the evening reception, lunch, transportation to Coconut Island from Windward Community College, and a tour of the Coconut Island facilities.
- 2) On a separate sheet of paper, please provide a typed description about what role marine science education plays in your classroom. Please do not exceed more than 500 words.
- 3) Sign the Statement of Intent.

After the workshop, you will be encouraged to share classroom and fieldwork materials you have used or developed in relation to the oceans, marine science or national marine sanctuaries.

Do you have access to a computer at your school? Yes / No (circle one)
